## HUMAN RESOURCES MEMORANDUM NO. 06-022

**TO:** All CRT Employees

**FROM:** Mary V. Gloston *MVG*  
Human Resources Director

**SUBJECT:** LEO and Microsoft Internet Explorer 7.0

**DATE:** October 25, 2006

The Division of Administration, Office of Information Services, notified us recently via **ISIS Memorandum 07-011** that the release of the newest version of Internet Explorer, IE 7.0 is expected very soon. There are known issues with LEO and IE 7.0. In addition, SAP does not plan to release patches to resolve these problems until late in the 4<sup>th</sup> quarter of 2006. Installation of IE 7.0 on your home computer will also cause problems if you try to access LEO or any SAP application from home.

The Information Services (IS) Office in the Department of Culture, Recreation & Tourism has already indicated they will **not** install IE 7.0 until early 2007 or after the SAP patches have been installed. IS will also post a notice on Channel Z as a reminder to users to be aware of this newest release.

Please note that if you choose to install IE 7.0 on your home computer, there will be no technical assistance available to you by the ISIS-HR Help Desk, DCRT Human Resources or IS.

If you have any questions regarding this memo, please contact Mary Gloston at 342-0880.
