SouthernArtistry.org is a free, juried registry dedicated to showcasing the lives and work of outstanding visual artists, designers, writers, performers, filmmakers, and teaching artists who are living and working in the South. The site allows online visitors to search for artists by name, or browse artists based on their city and state of residence, artistic discipline, classroom experience, general services offered, and/or public art experience.

Each year, artists throughout the South are nominated by one of South Arts' nine partnering state arts agencies based on the quality of their work. SouthernArtistry.org is maintained by South Arts in partnership with nine state arts agencies and the Center for Arts Management at Carnegie Mellon University.

###

### **About South Arts**

South Arts (formerly the Southern Arts Federation) is a nonprofit regional arts organization and was founded in 1975 to build on the South's unique heritage and enhance the public value of the arts. South Arts examines the arts environment and cultural trends from a regional perspective comprising nine states—Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee. South Arts offers a portfolio of programs and services designed to address arts-related issues important to our region and to link the South with the nation and the world through the arts. For more information, visit [www.southarts.org](http://www.southarts.org).
