Purpose of CODOFIL Scholarships

For more than 35 years, CODOFIL has maintained its scholarship program thanks to *La Fondation Louisiane* as well as foreign government and university partners who continue to offer scholarships to Louisiana students, teachers and professionals. CODOFIL remains grateful for their generosity and the warm welcome that the scholarship recipients receive abroad. The purpose of these scholarships is to offer a French immersion experience to those in need of improving their French language skills and cultural awareness for their current and future careers in Louisiana. Therefore, these scholarships are reserved for students, teachers and professionals who are Louisiana residents and who meet the other eligibility requirements.

TAPIF/Centenary College of Louisiana's M.A.T. (Elementary Education 1-5) Program

Partner Institution	Program Duration	# of Scholarships	How to Apply
Centenary College of LA (Shreveport, LA) + Brittany's INSPE (Rennes, France)	5 years: Year 1: TAPIF and M.A.T. courses Year 2: Residency for 2024-25 school year Years 3-5: Teach French immersion in Louisiana for at least 3 years	Up to 10 scholarships	TAPIF application + CODOFIL application + Centenary College's M.A.T. application

Named after Escadrille Lafayette, a group of 200 Americans who trained as pilots to fly for the French during World War I, the goal of the Escadrille Louisiane (EL) program is to fill Louisiana's French immersion programs with highly qualified and certified fluent-French speakers from Louisiana who have their state's heritage languages and culture at heart. EL is a program for Louisianans with a college degree who aspire to teach French in a Louisiana French immersion program (elementary level).

This is a 5-year commitment that culminates in obtaining a Master of Arts in Teaching (M.A.T.) degree in Elementary Education 1-5 from Centenary College of Louisiana, becoming certified to teach French in Louisiana and being contractually obligated to teach French immersion in Louisiana for at least three (3) years. The students who will be selected to participate in the EL program will begin by spending 3 weeks at Centenary College of Louisiana in Shreveport in June 2023, at which time they will have a pre-trip orientation and take two (2) graduate courses as part of their M.A.T. degree requirements. Then they will spend the first year of the program in Rennes, France where they will work as TAPIF English Assistants (www.tapif.org) in 1-2 French schools and take graduate courses at the INSPE and online with Centenary College. Participants arrive in France in mid-September and return home by the end of May. Participants will earn approximately €1,010 gross/€800 net per month from the French Ministry of National Education for their TAPIF duties. Upon their return to Louisiana, they will return to Centenary College for three (3) weeks in June/July 2024 to take two (2) graduate courses.

During the second year of the program, the EL participants will teach in French immersion in Louisiana while completing their M.A.T. coursework. Upon obtaining the M.A.T. degree, all EL participants are contractually obligated to teach in French immersion for at least three (3) years at an appropriate grade level at a public or public charter elementary school in Louisiana.

Upon successful completion of Centenary College of Louisiana's M.A.T. program, the individual will be considered an Escadrille Louisiane graduate/teacher. As such, he/she will be eligible for a \$18,000 stipend, paid over a period of three (3) years, as long as he/she teaches French immersion full time at a public or public charter elementary school in Louisiana. The stipend is paid as follows:

2nd year of teaching as an Escadrille Louisiana graduate and certified teacher: \$4,000

Richard Guidry (1949-2008) contributed greatly to the education and preservation of the French language. This educator, author, actor and consultant dedicated his life to keeping the Cajun and Creole dialects alive in Louisiana. The Richard Guidry Cajun and Creole Language Fund (RGCCLF) was established to support projects and initiatives that encourage, increase and improve the use of the multiple varieties of French in Louisiana, especially their spoken use in public, in the arts and in education. This includes, for example, grants for students and non-students, aid for classroom projects, research, cultural initiatives and media projects for the wider community.

Criteria for grant application and grant recipients:

- All applicants must be U.S. citizens and current residents of Louisiana.
- The applicant's project must incorporate the French language, in whole or in a substantial part.
- Applicants must show how their project will benefit the francophone community in Louisiana and the growth of French in our state.
- Applicants must show an effort to complete the application in their level of French.
- Only complete applications will be evaluated. A complete application consists of the application form, the budget form, a narrative and the required appendices. **Two copies** of all documents (one in French for RGCCLF and one in English for CFA), except the letters of recommendation, must be submitted.
- Selected applicants commit to providing a summary report with receipts and details of how the grant funds were spent no later than thirty (30) days after the project is completed.
- **"Richard Guidry Cajun and Creole Language Fund, a fund of Community Foundation of Acadiana"** MUST be acknowledged precisely as indicated on the project.
- Grant recipients are allowed only one (1) grant within a two-year period. The two-year period will be determined according to the date on which a grant request is approved.

Grant applications may be submitted online or in writing using the forms available on Community Foundation of Acadiana's website (www.cfacadiana.org). The application deadlines are as follows:

Spring application deadline: March 15, 2023
Fall application deadline: September 15, 2023

RGCCLF usually awards up to three-thousand dollars (\$3,000) in grants per year. For 2023, RGCCLF will award up to four-thousand dollars (\$4,000) in grants. Project underwriting is typically between \$500 and \$1,000.

Advisory Oral Proficiency Interview (OPI)

Each scholarship program presented in this guide requires participants to have a certain level of French. Some programs accept participants of all levels (beginner to advanced) while other programs require participants to have an intermediate/advanced level. In an effort to be certain that a CODOFIL scholarship applicant meets the language requirement for the program for which he/she is applying, applicants must complete an Advisory Oral Proficiency Interview (OPI) based on the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines.

If you have completed an Advisory OPI, an official ACTFL OPI or a DELF exam within the last six (6) months, we will accept your results as part of your scholarship application.

Please contact one of the following people to schedule your Advisory OPI. We ask that applicants make every effort to complete the Advisory OPI at least one (1) week prior to the scholarship application deadline.

Dr. Fred Adams University of Louisiana at Monroe fadams@ulm.edu (318) 342-1532	Jennifer Rodriguez CODOFIL jrodriguez@crt.la.gov (337) 262-5983
---	--

Upon determining your Advisory OPI Rating, your tester will complete an Advisory OPI Rating Report and submit it to CODOFIL.

Transfer Credit

All Louisiana university students must meet with their advisor and Study Abroad Office to inform them of their potential study abroad experience and to inquire about potential transfer credit. **This must be done prior to submitting a scholarship application to CODOFIL.** If a student fails to comply, he/she risks being unable to obtain any potential transfer credit for his/her study abroad program.

Upon the successful completion of the programs mentioned in this guide, the program organizers will issue a certificate to the participants. It is the responsibility of the university students to present a copy of their certificate to the appropriate person at their Louisiana university in regard to potential transfer credit. The student's home university in Louisiana will determine if transfer credit will be granted to a student.
